## city of Plattling - Hans Schmalhofer

Dear athletes of the Canoe Freestyle World Cup,

The city of Plattling is pleased to announce that the World Championship in Canoe Freestyle will be held on our Isar wave in the year 2025. We extend our gratitude to the committee for this delightful decision, the German and Bavarian Canoe Association, and, of course, our main event initiators, Mr. Thomas Hinkel and Ms. Anne Sommerauer from TSV Plattling.

Many of you, dear athletes, are already familiar with our water sports arena from previous competitions - perhaps even from the 2011 World Championship or the 2016 European Championship - and we are always delighted to welcome you back to Plattling.

As spectators, we look forward to all of you, exciting competitions, a great atmosphere at the wave, and an international flair throughout the entire city. We will do our best to provide you with the perfect conditions for the competitions and be excellent hosts.

Best regards,

A handwritten signature in blue ink, which appears to read 'H. Schmalhofer'. The signature is fluid and cursive.

First mayor of the city of Plattling

## Deutscher Kanu Verband - Jens Perlwitz

Dear friends of canoeing,

The city of Plattling and the German Canoe Federation are very pleased to invite the international Canoe Freestyle community for a second time after 2011 to the ICF Canoe Freestyle World Championships in 2025. The venue will be again the internationally recognised Isarwelle.

We would be very happy if many nations would participate in the

## head of organisation - Thomas Hinkel

Dear athletes,

On behalf of the organising committee, it is with immense pride and joy that I extend a warm welcome to all participants of the 2024 ICF Canoe Freestyle World Cup! From the 29th of May to the 1st of June 2024, we will gather at the legendary Isar Wave in Plattling for a spectacular display of skill, athleticism, and camaraderie.

As a former competitor myself, it fills me with great honour to host the world's finest kayakers in my homespot for this prestigious event. It is a testament to the passion and dedication that we all share for this thrilling discipline. Together, we will create unforgettable moments and raise the bar of excellence in canoe freestyle.

I would like to extend my best wishes to each and every one of you, both on and off the water. May these upcoming events be filled with fair competition, memorable performances, and a sense of unity among athletes from all corners of the globe. Cherish the opportunity to showcase your talents and inspire others with your incredible moves.

Plattling, with its beautiful Isar Wave, is the perfect stage for this exhilarating World Cup. Its dynamic waters and vibrant atmosphere will undoubtedly contribute to an unforgettable experience for everyone involved. Take the time to explore the beauty of our region, immerse yourselves in our rich culture, and forge lasting connections with fellow athletes.

As we embark on this journey together, let us remember the true spirit of sportsmanship and mutual respect. Embrace the challenge, push your boundaries, and revel in the joy of competing at the highest level. May your endeavours be crowned with success, and may this World Cup leave a lasting impact on each and every one of you.

Once again, welcome to the 2024 ICF Canoe Freestyle World Cup in Plattling! Let the rivers guide you, the waves inspire you, and the spirit of competition unite us all.

Yours sincerely,

Thomas Hinkel  
head of organisation

## 3 LOCATION

### 3.1 Location of airports, rail network and roads to the venue/city

#### Arrival by car:

Plattling has two highway exits on the A92: Plattling-Nord and Plattling-West. Plattling-West is the one to take from the Munich direction, Plattling-Nord is the one to take if you drive down from the north.

Address for navigation system is: Isarwelle, 94447 Plattling, Germany

GPS coordinates: 48.773437,12.885209

### Arrival by train:

Plattling has its own train station which is only 1,9 km away from the wave, so about a 20min walk.

*TIP: for train from MUC airport <> Plattling*

[Bayern-Ticket: 1 day in local trains for € 29,-](#)

### Arrival by plane:

Closest Airport to get to Plattling is Munich Airport. There is a bus/train station in the Airport where you can take the bus/train to Plattling. This takes 2h with one change of bus/train in Freising.

There is also a train station in Frankfurt Airport with a direct train to Plattling which takes 4 hours. It is possible to take your boat on trains.

Airport	Distance	Time	Destinations
Munich (MUC)	104 km	1 hour by car or 2 hours by bus/train with 1 change	International world wide
Salzburg (SZG)	150 km	2 h 20 min by car or 4-5 hours by train with 2-4 changes	Europe, Türkiye, Dubai
Memmingen (FMM)	245 km	2,5 hours by car or 4-5 hours by bus/train with 3-4 changes	Europe
Frankfurt (FRA)	400 km	4 hours by car or 4 hours by train non-stop	International world wide

### 3.2 Weather and Water in May/June

The competition will take place in early summer and the average day temperature is about 20°C. The water temperature of the river Isar is about 17°C that time of the year.

There are lots of mosquitoes. Please protect yourself.

### 3.3 Currency

The currency used in Germany is the Euro €. In shops, restaurants and hotels major credit cards are widely accepted though smaller shops like Bakery's etc. might only accept cash. In Plattling you'll find numerous ATMs at the main square in town.

### **3.4 Local Attractions**

The 2024 ICF freestyle World Cup in Plattling will take place at the same time as the annual local Bavarian festival in town „Plattlinger Volksfest“.

The „Bayerischer Wald“ – the highlands north of Plattling is just a stone's throw away. You can go there for hiking or mountain biking. 30 minutes away by car is the "Geisskopf", where the oldest bike park in Europe is located. With lift access and bike rental.

Plattling has a public outdoor pool, just a 10.minute walk away. There is also a nice swimming pool with SPA area in Deggendorf, 9 km north of Plattling.

You can easily reach the beautiful cities of Passau, Regensburg and Munich by train. (0:30, 0:30 and 1:30 h)

## **4 VENUE**

### **4.1 Description of competition venue and sport infrastructure**

The Plattling Wave is located in a nature reserve and has served as a meeting place for the European freestyle scene for years. Every year there are training camps and all kinds of competitions. We have already organised many national championships, EuroCups, WorldCups, the European Championships 2016 and the World Championships 2011.

Since the World's, Plattling has been one of the most popular playspots in the world. The sections upper and below the wave offer numerous possibilities for first paddling attempts. The lower Isar below the feature is one of the most beautiful canoe tours in Bavaria. The Isar wave is the ideal training spot for beginners. Not only professionals appreciate the easy entrance and their large eddy. In summertime, the large green areas also attract numerous sun worshipers to chilling, refresh and barbecue. Not a few of them venture into the waves with short surfboards. So the Isarwave has already made a name for itself in the surfers scene.

## 4.2 Venue map

### 4.3 Presentation of the technical aspects of the wave

The 60 Metres wide wave is formed by a stopper that has been built to protect the riverbed from getting washed out so it protects the bridge upstream.

### 4.4 Feature

The Isarwelle in Plattling is a hole feature that tends to become wavy with higher flows.

The Isar wave in Plattling is well known and one of the best Playspots in Germany. This is mainly due to the surrounding conditions. The wave is absolutely suitable for beginners. It is easier than everywhere else to enter the wave from the eddy and the big eddy is catching everyone back after a flush or an occasional swim. The competition takes place on the left river side.

Squirt boaters paddle in the big eddy for their moves and use the eddy line for their mystery moves.

### Water level Isar, Plattling (update every 15 minutes)

<https://m.hnd.bayern.de/pegel.php?pgnr=16008506>

**< 160 cm** : boney, easy to hit rocks at the bottom

**160 - 190 cm** : still boney but you'll find sweet spots where it is possible to do all moves

**190 - 210 cm** : perfect! at 200cm you won't hit a rock at the bottom anymore, to set up tricks is easy, hole is easy to manoeuvre

**210 - 220 cm** : still very good. the hole gets flatter. Plugging loops becomes a bit more difficult, spins get easier...

**220 - 240 cm** : hole gets a even a bit more flat. Still good for all hole moves, perfect for beginners and endless surfing. Professionals should take a look at the wave on the river right - it gets more wavy there.

**240 - 280 cm** : Very flat wave on river left, still good for beginners - take care of the eddy line! Beautiful wave on the river right!

**280 cm** : Meadow starts to be flooded. / Still a good wave up to 290cm. At 300cm the wave flattens out and is not suitable for freestyle boats anymore.

For safety reasons, we are allowed to hold the event up to a level of 260 cm.

The wave is for everyone! Please also behave respectfully towards surfers!

## 5 EVENT & COMPETITION PROGRAMME

### 5.1 ICF World Cup Events

#### Surface boats

- MK1 Men's Kayak
- MK1J Men's Kayak Junior
- WK1 Women's Kayak
- WK1J Women's Kayak Junior

### 5.2 Masters Event

There will be no Masters competition in 2024. Please start in the seniors class. A Masters competition is planned for the 2025 World Championship.

### 5.3 Festival Events open to all (including ICF Competitors)

One of the aims of the Host Organising Committee in bringing the World Cup to Plattling has always been to involve the paddling and local community in the festival. These events are aimed at anyone (regardless of being on a national team) who wants to actively participate in the festival.

### 5.4 Festival Events aimed at specific groups

#### Development Camp 20.05.-01.06.2024

The ICF will run a development camp in Plattling, Germany in the run up to the Canoe Freestyle World Cups.

Paddlers aged 16 and over from nations with limited resources in coaching are being invited to attend the camp that will take place from May 20 to June 1.

Maxi Montoya and Valerie Bertrand will be on hand to guide athletes through both on and off water sessions to work on basic skills.

The ICF and the Host Organising Committee will provide accommodation right next to the feature, offering tent and sleeping gears, access to toilets and simple cooking facilities.

Applications must be submitted by the National Federation to the ICF by the deadline of April 24.

The camp is limited to two athletes per country, respecting gender equity and they must be born in 2008 or before.

Once the application deadline has passed, the ICF development team will select 10 athletes invited for this camp.

The ICF will assess its criteria, including looking at the athlete's Canoe Freestyle and whitewater skills and previous results and their participation at past continental and global development camps.

It will also look at the athlete's assessment provided by whitewater continental and international experts and consider the long-term strategy of the NF into the development of all the Canoe Freestyle events and whitewater disciplines at the national and continental levels.

### **Judging seminar, 02. - 04.06.2024**

Some Words from Charlie Brackpool (headjudge): "As the organizers of the upcoming International Canoe Federation (ICF) freestyle judging seminar, we are thrilled to extend a warm invitation to all passionate paddlers and aspiring judges. The seminar, which will take place after this year's World Cups in Plattling, Germany, is designed to deepen the understanding and hone the skills of the next generation of freestyle kayaking judges.

Under the guidance of a distinguished team of seasoned judges who have honed their skills on both sides of the judge's table, we will provide a comprehensive overview of the principles, techniques, and intricacies of freestyle kayaking judging. From dissecting the technical elements of each manoeuvre to exploring the nuances of creativity and style, you will gain invaluable insights. Engaging workshops and simulated judging scenarios will also provide ample opportunities to test your judging skills in real time.

Whether you're a seasoned judge looking to sharpen your skills or an enthusiast eager to enter the world of judging, we are eager to welcome you to expand your knowledge and join the team at future events worldwide."

Please send in your application to the seminar via the google form!
