It is a great honour for us – the citizens of Kraków – that our city has been selected to host of the 2024 ICF Masters Canoe Slalom World Championships, held under the auspices of International Canoe Federation. I am very glad that we can once again enjoy such a great sporting experience in Kraków.

Since the opening of the KOLNA slalom course, it has remained an important international centre of canoe slalom, hosting competitions for top international athletes. The advantages of the facility, modernized on an ongoing basis and meeting the Olympic standards, have frequently been appreciated by both competing athletes and fans of this beautiful sport. I am convinced that this competition is not going to be any different.

As always, Kraków is thoroughly prepared to host the championship participants. We look forward to seeing our guests in a fully-functioning, high-class sports facility located in charming, historical Kraków.

I would like all of you to feel cordially welcome in KOLNA and in the beautiful Kraków.

Jacek Majchrowski
Mayor of the City of Kraków
