Bulletin #1

2026 ICF Junior & U23 Canoe Sprint World Championships,
Lake Banook, Nova Scotia, Canada

Land Acknowledgement

Halifax is in Mi'kma'ki, the ancestral and unceded territory of the Mi'kmaq People, who have cared for its lands and waters for millennia.

For generations, the Shubenacadie waterway, including Lake Banook, has been a place of travel and gathering for the Mi'kmaq. As we prepare to welcome the world in 2026, we honour this history and the ongoing relationships that connect us as Treaty People.

Welcome Message

From Casey Wade, Chief Executive Officer

On behalf of Canoe Kayak Canada (CKC), it is my pleasure to welcome the global paddling community to the 2026 ICF Junior & U23 Canoe Sprint World Championships, to be hosted in Halifax, Nova Scotia.

Canada is honoured to host this major international canoe sprint event in 2026, reinforcing our long-standing commitment to excellence in high-performance sport and international event delivery. The Junior & U23 World Championships represent a cornerstone of that vision, bringing together the next generation of the world's best athletes at a critical stage of their development.

Halifax, Dartmouth and Lake Banook hold a unique place in the history of international canoe sprint. Since first welcoming the world in 1989, this venue and community have repeatedly demonstrated their capacity to deliver championships defined by fairness, professionalism, and an unmistakable atmosphere created by close-to-the-

course racing and passionate spectators. Canoe Kayak Canada is proud to work alongside our partners at the International Canoe Federation, Canoe '26, and the Atlantic Division Canoe Kayak Canada to deliver an event that reflects the highest standards of our sport. We are confident that athletes, coaches, officials, and supporters will experience a championship that not only challenges performance on the water, but also celebrates the global canoe sprint community.

We look forward to welcoming you to Canada in 2026 and to showcasing a championship that reflects both our sporting ambition and our tradition of international hospitality.

Casey Wade
Chief Executive Officer
CanoeKayak Canada

Welcome Message

From Todd Allison, Flag Officer

On behalf of the Atlantic Division Canoe Kayak Canada (ADCKC), it is a privilege to welcome you to Halifax, Nova Scotia, and to the storied shores of Lake Banook for the 2026 ICF Junior & U23 Canoe Sprint World Championships.

This championship continues a proud legacy of international hosting in our region, built on decades of volunteer leadership, community engagement, and a deep connection to paddling at every level of the sport. For our athletes, coaches, officials, and volunteers, welcoming the world to Nova Scotia is both an honour and a responsibility we take seriously.

Lake Banook is renowned not only for its technical quality as a sprint course, but for the energy created by its intimate setting within the community of Dartmouth, part of the greater Halifax region. Few venues offer the same combination of high-performance racing, accessibility,

and atmosphere, making it an ideal stage for the world's top Junior and U23 athletes.

Atlantic Canada is known for its warmth, authenticity, and pride in hosting. From volunteers to local supporters, our community is committed to ensuring that every participant feels welcomed and supported throughout their time here.

We look forward to sharing our venue, our community, and our passion for paddling with you in 2026, and to contributing to a championship that celebrates both the future of the sport and the people who make it possible.

Todd Allison

Flag Officer

Atlantic Division, CanoeKayak Canada

Airport

Halifax Stanfield Airport (YHZ) is 20 minutes by ground transportation to the racing venue at Lake Banook, and 15 to 20 minutes to accommodation venues.

Weather Conditions

Based on long-term climate norms for the Halifax–Dartmouth region, the event period typically experiences mild to warm summer conditions.

Daytime temperatures: 20–23°C

Overnight temperatures: 12–15°C

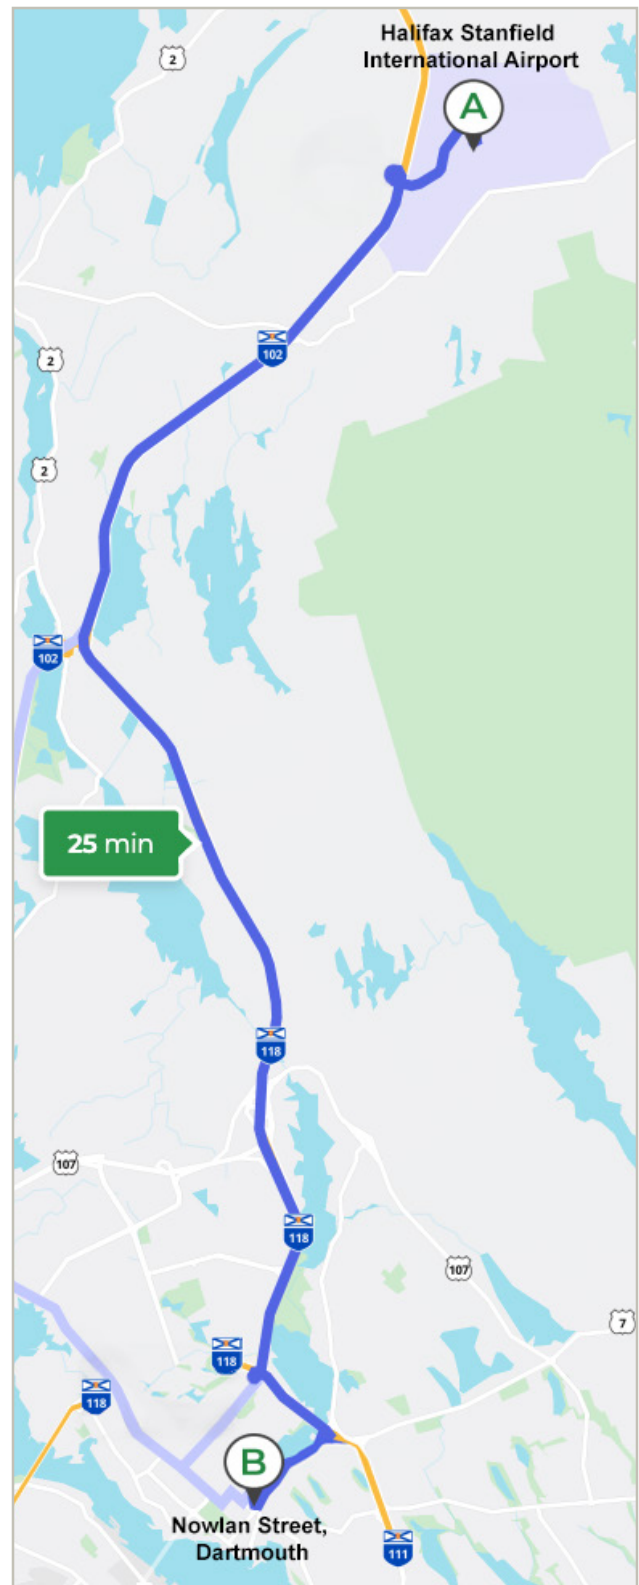

Occasional highs: Up to 26–28°C

Humidity: Moderate, increasing into early July

Daylight: Approximately 16 hours of usable daylight

Typical winds: 10–20 km/h

Prevailing direction: West to southwest

Location

Dartmouth (PUNAMU'KWATI'JK)

Affectionately known as the “City of Lakes,” Dartmouth, Nova Scotia is home to 23 distinctive lakes, each with its own unique natural character. The community hosts four of Nova Scotia's eight sprint canoe clubs and serves as an important training hub for national-team athletes. Located just across the harbour from Halifax's vibrant downtown core, Dartmouth offers a distinctly different experience—blending modern shops, eateries, and cafés with forests, trails, and waterways. Just minutes away, visitors can easily transition from the energy of the city to the quiet calm of Dartmouth's parks and beaches.

Facilities

Lake Banook (PANUK) International Racecourse:

The Lake Banook International Racecourse forms the operational heart of the Canoe '26 competition venue and is owned and managed by Atlantic Division Canoe Kayak Canada (ADCKC). Purpose-built for high-performance sprint racing, the racecourse integrates athlete services, technical operations, and spectator engagement within a compact and efficient footprint.

The finish-line complex is anchored by the David M. Jones Judges Tower, fully refurbished in 2023 as part of the Canoe '22 Legacy and the North American Indigenous Games (NAIG). The tower serves as the central hub for officials, timing, and sport presentation, supporting modern international competition standards.

Competition operations and venue services are delivered in close collaboration with the resident rowing club and three canoe clubs - North Star, Mic Mac, Senobe, and Banook - whose facilities and volunteer expertise are fully integrated into the event footprint. The Canoe '26 athletes' village, disembarkation area, and medal presentations are centred around the finish area at the base of the lake, creating an electrifying atmosphere befitting the 2026 ICF Junior and U23 Canoe Sprint World Championships.

Accommodations & Athlete Services

Talent Identification Program (TIP)

The Talent Identification Programme (TIP) of the International Canoe Federation (ICF) aims to identify and develop young athletes with potential, particularly from developing countries. The programme provides international training camps, specialized technical support, and opportunities to integrate into high-performance environments for specific periods, often alongside international competitions. This year, part of the programme will take place during the 2026 ICF Junior and U23 World Championships in Canada. Its goal is to support 30 emerging athletes in their preparation for the Los Angeles Olympic Games.

Acclimatization

National Federations wishing to arrange acclimatization or preparatory training prior to the official venue access period may coordinate directly with selected local canoe clubs in the Halifax area. Three clubs have indicated their willingness to be contacted, subject to availability and local policies.

All arrangements are to be made directly between the National Federation and the club and are independent of the Organising Committee. Access to the official competition venue is not available prior to the designated venue access dates.

Boat Transfers & Boat Rental

The ICF and CKC are currently in the process of developing an agreement related to boat rental and boat transfer services. Once finalized, options and relevant details will be provided. This information will be shared as soon as it becomes available.

Athlete Name and country code stickers

The athlete's name sticker must be applied on all boats for ICF Canoe Sprint Competitions. In order for the canoes and kayaks to be presented in a standard manner, the name stickers must be positioned at the same point on every boat. The Country code sticker will be applied on all boats and at the same place for each ICF Canoe Sprint competition. The stickers will be checked at the Boat Control. **It is the participating National Federations' responsibility to provide the stickers to their athletes.** Please use the template provided by the ICF with the correct sizes and font. Templates are available on the ICF website / NF Area / Marketing.

Visa information

Depending on your citizenship, visitors to Canada may require a visa to enter the country. Processing times for visa applications vary depending on the visa office and the time of the year. Participants are encouraged to check the processing times calculator for guidance, but it is recommended to apply approximately **12 weeks** in advance of their departure date to ensure they receive the visa in time for the start of the event. Federations can check to see if they require a visa through [this link](#). Should you or your participants require a visa, a letter of invitation from the Canoe '26 Society will be provided upon request in support of your application.

CANOE '26

Medical care and insurance

Canoe '26 asks that all participants of the World Championship take out a medical insurance policy in their respective country. All costs above the regular first aid and ambulance services are to be covered by this medical insurance policy. Canoe '26 will not cover any expenses in connection with hospital treatment.

Participation fees

Participation fees for Canoe '26 will cost \$80 CAD (inclusive of HST) per participant, per day. Please note the Canadian rate is subject to change based on exchange rates.

Included during non-competition days:

- Accreditation services
- Info desk
- Course Access during open hours
