**Subject: Notification of Postponement of the Upcoming 2026 ICF CANOE SLALOM  
WORLD RANKING RACE – 57<sup>TH</sup> ILINDEN KAYAK SLALOM, in Skopje N. Macedonia**

Dear Sir/Madam,

We would like to inform you that the Kayak Federation of North Macedonia will not be able to host the upcoming ICF Ranking Competition, scheduled to take place in the Republic of North Macedonia on April 19, and that the event will be postponed.

The reason for this postponement is a fire that occurred at the hydroelectric power plant which supplies water to the competition course. Due to this unforeseen technical issue, the course is currently non-operational, and the conditions do not allow for the safe and proper organization of the event.

We deeply regret this situation and the inconvenience it may cause to all participating teams and officials. We would like to kindly note that we will inform all registered teams directly. However, we kindly ask for your assistance in notifying the teams as well, in order to help them avoid any additional costs related to hotel reservations and travel arrangements.

Furthermore, we would like to inform you that we will be submitting an official letter from the hydroelectric power plant, which notified the federation about the situation.

We thank you for the trust you have placed in us. We will inform you of the new dates for the competition as soon as possible, once the water supply to the course has been stabilized.

Sincerely,

**Macedonian Canoe Federation**
**President**
**Robert Papazov**
