Dear Mr. Jorn Cronberg

The Portuguese Canoe Federation (FPC) wants to propose and support the nomination of José Carlos Sousa to become a member of the ICF Canoe Marathon Committee.

In our opinion, he is the right person for the job and he has the right skills to increase and development of Marathon in the canoe family.

We look forward for this application, due to his past as athlete, but mainly by his present as Vice President of FPC since 2009, responsible for the organization of our International Events in Marathon, Sprint and Surf ski.

Best Regards,

Vitor Félix
