

2017 ICF Canoe Slalom World Cup LA SEU D'URGELL

OFFICIAL COMMUNICATION # 1

Thursday 07.09.2018, 16.00

Today we have identified an issue with the boat weight scale. The organising committee will not be able to provide a new one before tomorrow at 10:00.

Furthermore, it appears that all weight checks done today were not accurate.

Consequently, that following decisions will be applicable:

- No boat weight control during Heat for the morning session
- Self-checking boat weight will be available from Friday 8 September at 10:00

Chief Judge

Sue NATOLI
